“Why you cheat your career by learning outdated courses, when we offer latest courses.”

ABOUT MCC ACADEMY !!

Today, we are living in the age of information technology. Information is power and information is wealth. MCC Academy is established as a centre of excellence in IT education, through the initiative and support of eminent personalities and profound experience in the field of Information Technology.

MCC Academy aims at training students to respond completely and confidently to the Economic, Social and Organisational challenges arising from a rapidly advancing technology, a shifting economic base and global market place to enhance the capabilities of organisations through research and consultancy. The courses are specially designed to develop and enhance the basic managerial skills, abilities of students and equip them with appropriate tools of modern techniques for better career.

We believe our programmes combine the highest academic standards with a knowledge of what companies and other organisations want. We though have strong mathematical and logical thinking skills with a large number of IT professionals every year, many talents are not exposed to the real IT World. We at MCC Academy trying to give a new meaning to IT Education.

With are dedicated team we have opened more than 100 AEC in Odisha and trying to cover all parts of the state of Orissa, so that maximum people of Odisha can taste the cream of IT Education with MCC Academy.
